3:00 pm

Networking and Raffle Prizes

About the ADA Coalition of CT (ADACC)

ADACC is an organization that has been dedicated to ADA Compliance and Education since 1992. ADACC is CT's gateway to the National ADA Network.

This network, comprised of ten regional centers across the country, with affiliates in each state, provides information and assistance to foster the implementation of the ADA. We are not an enforcement or regulatory agency, but a helpful resource supporting the ADA's mission to "make it possible for everyone with a disability to live a life of freedom and equality." ADACC is the local affiliate of the New England ADA Center located in Boston. We are a volunteer-based organization and your support helps to further our mission.

Our goal is to connect you with information, guidance, technical assistance and training about your rights and responsibilities under the ADA. ADACC has a membership of ADA Coordinators from state municipalities, agencies, private enterprises, educational institutions, non-profit organizations, libraries and museums. Visit our website at www.adacc.net for news, updates, information on membership, Coordinator training classes, ADA Coordinator Certification and our training opportunities.
